**MALAGA. The most expensive sailboat in the world is sold for 115 million euros on the internet.**

23-04-2008 10:56:11

The [www.theresabernabe.tv](http://www.theresabernabe.tv) channel, first Internet TV focused on the world of luxury, has put up for sale a sailboat for a price of 115 million [euros](#), this amount ensures it constitutes the most expensive boat in the world. This is, as assured in a statement, the largest sailing ship ever built, with 88 meters and can accommodate 16 guests, with six suites and two guest cabins, and the 16 crew members. It has three independent masts produced in carbon fibre and 2,400 square metres of sails, an advanced navigation system and can reach a speed of 24.9 knots, about 46 kilometers per hour.

The sailboat was built by the Perini Navi firm in Turkey, completed by its owner, an American multimillionaire, in 2006. As for the interior is covered with luxury materials: skin, ebony and various marbles, in addition to contemporary art works. In addition, the submarine designed for this boat is designed to achieve a speed of five knots and, imitating the movement of penguins, offers to dive continuously for 4 hours. Thus, in addition to acquire this sailing power yacht at a price of 115 million [euros](#), you can also rent it for 350,000 [euros](#) per week. The Internet TV offering this vessel is named after its creator, Theresa Bernabe, entrepreneurs focused on the real estate world and settled in the town of Malaga, [Marbella](#). The channel is aimed at billionaires and offers products such as real estate, luxury cars or works of art, among others.
